Gentlemen

We have your letter of the
10th July, and 5th August and are much pleased to hear of the
success of your Operations at Trankebar.

We should be much wanting in our Duty did we not return
you our Acknowledgments for your Zeal and Attachment to the Interest of
Hyder Ally Khan upon this Coast and acting in Concert with
Colonel Wood against Tanjore, had not the Capture of Mr. Williams prevented
a Packet from our Military Master by the way of Trankebar, which
by the President and Council at Madras we were informed
was also forwarded to us by the Terms of Capitulation but the
Gentleman shall change their Conduct and endeavour to atone for the
Misunderstanding with us by every Expression of Attachment to our Interest

we forwarded to the Nabob's Address.

Mr. Charles Brome is appointed President

Joseph Smith, Sebastian Caillé
and George Mackay Esqrs
Gentlemen

We have received with your Letter of the
10th. Augt. and 5th. Septr. and have much pleasure in the
Success of your Operations with Hyder Ally

We have taken into consideration your Recommendation for promoting Mr. Charles Brame to the Rank of Captain in the Service, but as Hyder Ally's Conduct against the Nabob has not yet been such as to Authorize a Declaration of War on our part, we cannot at present think it proper to Grant Commissions to Officers to Command Companies of Sepoys, but as soon as the Circumstances will admit of it, we shall be glad to Gratify Mr. Brame with the Rank he desires, and in the mean time we desire you will Assure the Gentlemen that we shall not neglect any Opportunity of Serving them, and endeavour to obtain for them every Indulgence they may reasonably expect from the Nabob, and Settle with us for their Subsistence while they remain in the Service

We shall write to Madras by the first Ship that sails from hence, and have no Doubt but they will Comply with your Recommendation of Mr. Brame, as soon as they receive Advice of the Nabob's Consent to his Promotion

Consult as per separate Letter this day

Since we signed the Consultation of the 22d Inst. we have received Intelligence that the Nairs of the Cottah Raja have entirely withdrawn their pretended Possessions on the Ryotwar Coast, and that they are retired into the Interior Country, and consequently out of the Reach of our Troops. Copies of the Letters we have received from the Raja on this Subject you'll receive herewith, both in Persian and English, that you may also consider them at the Consultation you are to hold this day.

We have now to acquaint you that Hormusjee Bomanjee arrived here from Muscat on the 28th Ult. and delivered the Letter which you addressed to the Imaum of that Country. After he had been admitted to an Audience of the Imaum, he was desired to attend the Minister, who told him that the Imaum was willing to enter into a Treaty with the Company, and that he would send a Person to Bombay for that purpose, who should be empowered to conclude every Article that might be thought necessary for the Interest of both Parties. Hormusjee was then dismissed, and has not since been admitted to any Audience. He has however been informed that the Person who is to be sent to Bombay is gone to Bussora, and will proceed from thence to Bombay in a Vessel belonging to the Imaum, which is now at Bussora, and will sail from thence in a few Days. Hormusjee has also been informed that the Imaum has given Orders to his Governor at Bussora to assist the Company's Servants in every Thing that may be for their Interest, and we shall soon receive Advice from Bussora of the Arrival of the Imaum's Vessel there. Hormusjee has been treated with great Civility during his Stay at Muscat, and has received many Presents from the Imaum and his Ministers. He has also been assured of Protection and Safety in his Return to Surat, and has been furnished with a Passport for that purpose. He has likewise been informed that the Imaum will be glad to receive a Letter from the Governor and Council of Surat, and has promised to send a Person to Surat with it, as soon as he shall receive Advice from Bussora that the Vessel is arrived there. Hormusjee has been dismissed from Muscat with a Present of 500 Rupees, and has left Muscat in the Company's Grab, which was sent there for the Purpose of bringing him to Bombay. He has been ordered to proceed to Surat in the Grab, and to return to Bombay in her, if he should not find Opportunity to proceed to Surat from Muscat. He has been directed to wait at Surat for the Arrival of the Imaum's Vessel from Bussora, and to proceed with her to Muscat, if she should arrive at Surat before the Season for sailing to Muscat is over. He has been informed that the Imaum will be glad to receive a Letter from the Governor and Council of Surat, and has promised to send a Person to Surat with it, as soon as he shall receive Advice from Bussora that the Vessel is arrived there. Surgeon Goudah
Dubhoy of Baroach Mallahs Europeans Wounded

The Engagement between the Squadron under the Command of your Excellency's Orders and the Fleet of Gallivats belonging to Sindiah and Holkar which was fought on the 15th Instant, by the Blessing of God terminated in the complete Victory of the British Arms, and the Capture or Destruction of the whole Fleet of the Enemy, consisting of Twenty Gallivats, Manned with upwards of Two Thousand Men, and Armed with Guns of various Calibres, from Eighteen to Four Pounders, and Commanded by Officers of Rank in the Service of the Mahratta Chiefs, who were all either killed or taken Prisoners, after a most obstinate Resistance, in which the Enemy suffered a Loss of upwards of Five Hundred Men killed, and Three Hundred and Fifty Wounded, whilst the Loss on the part of the Squadron was comparatively trifling, only Twenty Seamen and Marines having been killed, and Forty Wounded, of whom Eight have since died of their Wounds.

Although I am sensible that I can add but little to the Merit of the Officers and Men who have had the Honor of fighting under your Excellency's Orders, I should ill discharge the Duty of a Commander, if I did not take the earliest Opportunity of bringing to your Excellency's Notice the Conduct of Captain Hardinge, the Officers and Crew of the Honorable Company's Cruizer Antelope, who, by the Gallantry and Perseverance with which they attacked and boarded the Enemy's Vessels, contributed in a very great Degree to the Success of the Day.

I have the Honor to be with the greatest Respect
Your Excellency's most obedient and most humble Servant

I thought you were to have given me your Opinion of the Proposals for accommodating the Differences depending with Bengal, or what Measures you may be pleased to pursue in that Business, & therefore recommend to you to think thereof in the most effectual manner during the Stay of the Ships at Bombay. Instead of which you only mention the Arrival of Madras Dispatches, & the Commanders are recommended, on their Arrival, to proceed immediately to Tellicherry, on the contrary positively forbid the Expedition, & even make use of that both their Instructions & Orders especially enjoined them to put in Execution. Mr. Hall's Recommendation to the Government of Bombay to assist the Comgah Hagah we also think it incumbent on us to recommend to you to assist him with Troops & Stores as he is carrying on the War against Cattiroor, and that Expedition might be retarded, on Account of your sending with the Detachment the Stores collected for Hyder, you therefore will not detain them. Mr. Hall's Address was intended to extend to Bombay as well as Bengal, & therefore we expect your Concurrence, or any Orders relating to them you may receive, & we request to be favoured with Copies of your Dispatches to Madras, as we are therein directed to act.

Though you are encouraged with good Hopes of this Proposal for accommodating the present Disputes or other Measures you may be pleased to pursue on that Occasion, yet you recommend to think that the Chief communicating to Hyder Ally the Contents of Madrass Presidency Letter and in the manner more recommended cannot impede or any way frustrate your Designs, but on the contrary possibly forward the Negociation, as we may conclude that both that Gentlemen are now equally concerned in the present War: the Recommendation delivered from the Field Deputies in regard to the Coongah Rajah, see also thanks demands and Notice as far as knowing this acal Contributions, and the Dependence that might be had on him for co-operating with the Madrass Forces. Recd. Col. Mackay's Letter from Madras

Honble Sir & Sirs

We have the Honour to address you under the 28th. Instant & Duplicate of which Packet we send herewith for your further Perusal & Information, and we are sorry to add, that since the Date of those Letters we have not received any Letters from Madras, which we attribute to the Bad Weather & Contrary Winds, which have prevailed for some Months past, and which we observe in the Bay of Bengal have been very unfavourable, and have occasioned the Loss of many Ships, and Vessels, and nothing could have been further from his Inclination and Power than to have delayed the Dispatch of your Packets, and Letters, which he is sensible are of the greatest Importance to your Affairs, and Interest, and which he would have forwarded by the first Opportunity, after the Receipt of them, had not the Season of the Year, and the Weather rendered it impracticable, and unsafe for any Vessel to put to Sea, and we are sorry to add, that the Season is now so far advanced, that we have little Reason to expect any Letters from Madras, before the Month of March next, when we hope to be favoured with your Commands, and Instructions, relating to the Affairs of Madras, and the Coast of Coromandel, which we shall be ready to obey, and execute, to the best of our Power, and Abilities, and which we doubt not will be agreeable to your Wishes, and Interest, and for the Reasons above mentioned, we have not received any Letters from Madras, since the Receipt of your Letter of the 28th. Instant, but we have received Letters from Tanjore, and Madura, and from the Nabob of Arcot, which we have herewith inclosed, and which we hope will be agreeable to you, as they contain Assurances of the Friendship, and Good Will of those Princes, and Governments, towards the Honble. Company, and we have also received Letters from Mr. Mackay, and Mr. Hubert, the Purport of which you will see by the Inclosed Copies, and Translations, and we hope you will approve of the Measures we have taken, in Consequence of the Intelligence contained in those Letters, and that you will be pleased to give us your Directions, how to act, in case the Dutch should attempt to Land Troops, or Seize upon any Part of the Country, which we hope they will not, as we are in Hopes, that the Peace, which has been concluded between the Crowns of Great Britain, and France, will be the Means of preventing any Hostilities between the Dutch, and the Honble. Company, and we are sorry to add, that the Season of the Year, and the Weather, have prevented us from receiving any Letters from Persia, since the Receipt of your Letter of the 28th. Instant, but we hope to receive Letters from Gombroon, and Bussora, by the first Opportunity, after the Receipt of them, and we shall be ready to obey, and execute your Commands, and Instructions, relating to the Affairs of Persia, to the best of our Power, and Abilities, and which we doubt not will be agreeable to your Wishes, and Interest, and for the Reasons above mentioned, we have not received

[illegible] to give Him, and the good Hand of God
to the Enemy Every Hour a Proof more actually over the Sea, and
thereby deter them from coming against Us

The more happy this Event, that the Measures
we had adopted in endeavouring to find out Lord Cornwallis
safe and honorable Terms, were agreeable to the Sentiments of the
Noble Admiral; and it would have afforded me a great Satisfaction
had we been able to accomplish that Point during our Stay
for Peace, we should never be justified in conducting our Affairs
dishonourable to the Expectations of our Friends, and nothing but the
most ingenuous Measures with regard to Lord Cornwallis, even
as we have prescribed, and pointed out to the Officers
we sent, towards this, and encouraging Him to apply to us
we gave positive and repeated Orders for you to endeavour to prevail
that the Army should not be sent on board their Transports
actually concluded. And it is with Pleasure I congratulate
upon a more Expectation that this Point would succeed to our Terms
your Honour &c. have been informed by my Letters of the Necessity of
persevering the Man since a Determination on your Part by any of the
Means proposed, or even upon making a Point of attempting every
Measure to rescue his Army could not but have diminished the
Attention, so much as must have been very favourable to our
Operations. We have lately detached a considerable Force from hence
and before the Receipt of your Letter last night of the 6th Inst.
it was doubtful whether it was intended for the Chesapeake or
Carolina; as Despatches were preparing that your Fleet was
another Expedition, but from your Letter received we discovered
that the Detachment we have made must be designed against
Cornwallis, which has obliged us to order a considerable Reinforcement
thither.

Thus we have stated and seen no Prospect
of obliging Him to submit, till he is reduced to the last Extremity
We doubt not but your Honour &c. will agree with us that every
Effort should be used to prevent this War with the inhuman Enemy
and we flatter ourselves that you will concur [illegible]

only wanted time to gain honour, and to give proofs of the Loyalty of
to the Country. Your Letter of the 6th came actually on the very
Hardly before Hannah sprung a general Insurrection

We were happy to find that the Measures
we had adopted in consequence of your Orders met the Approbation of
wise and honourable Men, were so agreeable to the Sentiments of
Public. Martial, and it would have afforded us a further Subject
had we been able to accomplish the Destruction of Boscawen and
for Grace, we should never be justified in remaining one day
dishonourable to the Disposition of our Friends, and nothing but the
most ingrate Treason will oblige Hyder to abandon such Country
as we have provided, and for which we owned so little Reason
accede to the Terms of this, and exhorting that he may forward Treaties
we gave positive and repeated Orders for you to march from Chunab
that the Army should not be prevented or Charges
actually concluded. And it is with infinite Concern we respond to
upon a more Supposition that Hyder would accede to any Terms
your Honour did have been instructed to say, until all Prospects of
prosecuting the War, and a Determination on your Side to carry any of the
Plans proposed, or even your entering a Treaty of Attempting some
Measures to settle this Affair, could not but have divided the
Attention of a Force as must have been employed to our
Operations. We have lately detached a considerable Body from Hyder
and before the Receipt of your Letter last night of the 6th Instant
it was doubtful whether it was intended for the Eastern or Western
or Carnatic, as Despatches were expected that you had settled with
another Expedition, but from your Letter now before us it is evident
that the Detachment has been made merely to be assigned against
Coimbetore, which has obliged us to order a considerable Reinforcement
to Hector.

This circumstance, and having one Battalion
of obliging Hyder to submit, till he is reduced to the last Extremity
We don't doubt but your Honour be well aware with us that every
Effort should be used to prevent the Mysoreans with the Monsoon
and we flatter ourselves that you will exert every Nerve in your
